Hello sir,

This is PAMAC Phase 2 project as such please add it to menu : My Projects > [PAMAC Phase2 \(HR\)](#) and remove it from here.

Also we have to setup the project in bitbucket, local machine and its database also, as we do not have any access to it currently. Once details are received from Sir Kailash we will continue with the setup and then discuss and make changes.

For any other queries related to pamac-hr project please email to sir Kailash for details. Also to add you in Pamac Phase2 (Hr) project please email sir Kailash for access rights.

Please mail Kailash Sir for access in MyProject > PAMAC Phase2 (HR) .

**AND**

Still, I am working on some other Bugs like **B377** , **B365** , and **C80** . After completion of these, I will be able to start this Change and my other tasks are also depended to some another task that is why it will take little time to close.

I will try to complete these asap and will be back here, till closure of these tasks please give me some time to close other Bugs.
