Hello Sir,

Please use these queries to perform the operation on the database: where there are **20216** records belong to **PD Activity**.

Take A Back-Up before removing these queries.

*** SELECT * FROM pmsresof_country_11.tbl_mst_employeeerate where emprate_activity_name = 18;**

*** DELETE FROM pmsresof_country_11.tbl_mst_employeeerate where emprate_activity_name = 18;**

Hello mam,

As discussed query is executed and backup is also taken, please close this point if done.
