Hi Manas,

Can we change a message of Digital verification for a particular client?  
 And can we send sms on 2 numbers simultaneously?

 Hello mam,

1) Can we change a message of Digital verification for a particular client?

**Reply :** Yes, but the template i think needs to be confirmed from msgupshup as templates are per-confirmed from them first.

2) And can we send sms on 2 numbers simultaneously?

**Reply :** Yes, but note that this will use 1 more credit from msgupshup as 2 sms are going to 2 different numbers.
