Hi,

Please provide the subject so hence we can check in changes or requirement, Since if you move any bug to change / requirement then its removed from bug category and created with new id in respective section.

Please provide subject.

Hello Ajit Sir,

I was working on B361, which was not a bug because we changed previous code to new according to requirements. That is why I moved this in change C80.

please visit on C80 now.
