Add DateTime field Type In Activity Template | High

Hello Team,

Please add DateTime field Type in Activity Template. This required for searching functionality and in listing .

Hi,

Changes are updated in country demo and live test server, please check and confirm before upload on live server.

Hello Dipika,

Please check above module on <https://testres.resoftech.com>

Hi,

We have tested module,

While searching if we select only date and time multiple entries showing.

Means cases not closed between that range also showing.

Activity- Audit

date & time range- Frm- 6/12/2018 3PM to 6/12/2018 4.25 PM

case id- 104893472

Please check attached print screen for your reference.

But if we select client-product it shows proper data.

Hello,

Changes are updated both in live test and live server, please check.

Also to be noted secs won't be used for search for time, it will be hours and minutes only, to maximize search limit.

If required to further narrow down search we will add seconds also.
