Hello mam,

As discussed it will take 2 days for development till demo server due to below points

- 1) As we have to check and block URL also in case if any user gets direct access to it.
- 2) One more issue was found in Vendor Login, Vendor Employee dropdown is blank when trying to assign case to Vendor Employee.
- 3) Keep Vendor, Vendor Employee in Master List after de-active status for Super Admin.
But remove Vendor Employee from vendor Login in Vendor Employee master.
Vendor Master must not be given to Vendor. This will be helpful for easier filtering of employees.
- 4) Fix issue on edit Vendor Employee , list shows Vendor is deleted.

Hello mam,

As discussed should we update files on live sever, as this change will go with C83 and D130.
Please clear C83 testing in demo server first.
