Dharmendrakumar Vishwakarma | Active user to be deactivated basis of the DOL pass in through the EasyHR API

---

Hi Manas

Please check and ensure the user will be deactivated in the RES, basis of the DOL pass on through the EasyHR API

Hello sir,

Currently as i have checked **date of leaving** from json format received via api, if it **has some data** then that employee is added in system as de-active.

If **current date** greater then the employee **date of leaving** then employee will have status as de-active.

Is this ok ?

Please consider current date is equal or greater than date of leaving of the employee then access to be deactivated.

Hi Sir ,

As per your suggestion I created cron to check dol in the tbl\_mst\_employee where dol <= current date and status =1 then disable the employee.

Kindly check the code and give me approval for demo

Code and output file are attached in below zip file.

 DOL\_Employee.zip[Download](#)[Download](#)**Posted By :** Ramakrishnan V**Assigned To :** Dharmendrakumar Vishwakarma

**Date & Time :** 05-10-2023 04:07:PM

Approved

The cron job may be first put in DEMO and tested.

Post successful testing the same can be moved to LIVE.

Further the setting up of scheduler is to be done by the SERVER owner Mr Ganesh Sawant. Please write to him for doing the needful.
