Hello mam,

Issue was in case edit when google map image is created again using api for re-open cases.

As such please click on pdf icon first for re-open cases and then on case edit. To capture proper image.

Also if pdf google map image doesn't match with the case edit image then press ctrl+F5 to hard refresh the page to clear the old google map image.

Above case id issue is resolve. Please close if done.

Hi,

For now we have given temporary solution to user.

But need to work on it. Issue is still there for reopen cases.

As discussed with Manas we are moving this bug to change.
