(All Members) | Generate Android Mobile APK for AWS server testing.

Check source code for live mobile app to change URL of web service to AWS server and test the app.

Hello Prasad,

As per testing with new apk provided for demo aws server - demopms.resoftech.com

I am getting captcha related error, invalid captcha on Change Password menu after login. I think captcha is not loaded properly.

Hello,

I checked the same on my mobile and ajit sir mobile.

Captcha showing proper in change password.

Change password is also working.

In password "@" sign is compulsory.

ok Prasad.

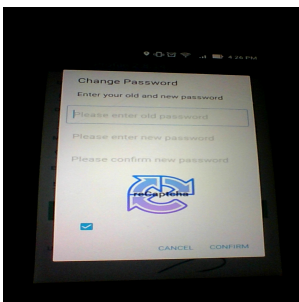

I have also noticed that on click randomly in the white space below the captcha icon the checkbox gets checked and the text "I am not ROBOT" appears sometime but not always.
