Server not received proper images(of size 0 byte) for given cases.

I have downloaded the images from server, please find it in attachment.

Need to do changes in webservice to check file size before saving it.

I think it was happen because of server space issue.

We hope this will not occur again.

I am closing this bug as we have now bigger space and archive server is also ready.

In case it reoccured you ca reopen it.

Sid
