Bhavana Pachpande | Holiday Master | Emergency

Hi,

While uploading Holiday list for 2020 RES shows data already exist.

Copy of holiday_import.xlsx

↓ Download

Hello mam,

Ok i will check it today. Also are the old holidays deleted for same combination ?

Date & Time : 02-01-2020 11:47:AM

Hello mam,

Changes are updated in demo and live server, please check. Also as checked in coding this not a bug as it was added during Import module creation for all masters.

The callback_duplicate1 was already present in meta of holiday to check if the country,zone, centre are already present or not. We have just skipped this checking to avoid the validation error.
