Move archive and deleted cases' images to cold storage

---

Server space is 96% full

Hence move images of deleted and archived cases to cold storage. Also share the script used for the same.

this is very urgent hence one of the engineers can work on this on 5th and complete.

Do this for India database only

Script is executed on live server.

Images are moved to cold storage and removed from live server for country 11.

Below is the attached script used for removing images from live server.

Disk Space reduced to 65%.

---

delete\_11\_images\_file\_wise.zip

↓ Download
