Search Option | High

---

If i select "Applicant Name" for search in export,send to client....It is not working..

Issue is show to Kailash

I have checked for this issue, applicants name field having type textarea, which was not included in search types.

Previously in search showing only fields of type Textbox, Dropdown(Select) and Date.

After discussing it with Kailash sir and Rahul sir I have added this field type(Textarea) in search part.

Uploaded changes related to this on both domain. Tested it on pamac.urdemo.net.

Unable to test on live site, so please verify it.

Thanks,

Rakhi
