Activity wise Tele/FE assignment

Hi Manas,

As discussed, we require activity wise Tele/FE assignment in RES.

Hello Sandeep Sir

As discussed with manas sir, I could change in coding for static activity and static verification_type, so that in listing page only those VT will display which we want to display.

But if you want a way for dynamically, then I have to discuss much more this change.

Till if you want I could update these static changes in live

Here are the required for Further needs :

```
if(@$type != "fe_non_mobile")
{
    if($menus['submenu_id'] && @$type != 've') // && $_SESSION['sess_separate_tele_operation'] == "
    {
        if( $_SESSION['sess_user_activity_id'] == 13 && $type == 'tele')
        {
            $where_arr[] = "veriftype_id IN (select veriftype_id from
            ".TABLE_ASSIGNVERIFICATION_SUBMENU." where submenu_id = ".$@.$menus['submenu_id'].") and
            (`veriftype_id` = 14 or `veriftype_id` = 13))";
```

```
    }  
    else  
    {  
        $where_arr[]="veriftype_id IN (select veriftype_id from  
".TABLE_ASSIGNVERIFICATION_SUBMENU." where submenu_id =".@$menus['submenu_id'].")";  
    }  
}
```
