FE Submit date error | High

A case with app id 3541834 (case ID - 101920840) is completed at 1/5/2017 11:51(We have sent the email to client at 11:53 am) shows visit date and time as 1/5/2017 13:01 which is after the submission time.(Please refer attached excel for details marked in yellow) Same issue is experienced for all cases wherein Visit date and time is after Submission Date and time which is not correct.

Hello Madam,

There is need to update the dateTime with respect to country wise.
I have done same changes in web-service.

You have done changes on live web service?

Is this resolved?
