Product - Search and Add New Data Issue | Low

- 1) I select Search CPA
- 2) Shows all CPA Product Name
- 3) I Click add new
- 4) Added new data in PD3
- 5) Click on Save Button
- 6) It passed Control to the Centre Main Page....Where i found Bug
- 7) Bug - If i add any data successfully, The main page should shows not all records but previously searched records....
