Apostrophe issue in ref no | Medium

---

Please refer the attached import file used to upload cases and export file exported from excel export report menu.

For the column of reference number for case 102304179 (Treebo Royal 9), the value in import file was '20160428165101435 and in export it came as #apose;20160428165101435 also in the case the value is saved as #apose;20160428165101435 (screen shot attached).

Please check and resolve.

Client name - Make My trip

Activity - CPV

Product - KYC

VT - BV

sample case ID shared above, there are other cases as well in the sheet with the same issue.

Hi Navika,

I have checked the above issue on local server as well as on live by adding ' before any value in import. Not found the above mentioned issue- case id - 102319996(client - Test), added the

value '20160428165101435 in applicants name field in import file.  
attaching import file.

When I opened the file 'MMT 03.xls' and searched for the value #apose;20160428165101435 then it show the result, attaching the screenshot of it.

Please verify once with the values given in excel sheet.

Rakhi,

the value exists in RES as well as #apose;20160428165101435. Screen shot had been shared for the same.  
For testing you can upload test cases in Make my trip client.

Update

**Posted By :** Navika Desai

B261

**Date & Time :** 11-08-2016 06:34:PM

9 days and no update on a bug.

How many days for bug resolution?

**Date & Time :** 12-08-2016 08:52:AM

We were busy in other tasks and resolving other bugs.

Today I will try to resolve this issue and will update accordingly.

**Date & Time :** 12-08-2016 03:03:PM

I have checked this issue by adding one case multiple times, changing value with apostrophe(applicants name is given as 'Test case'), not found the above mentioned issue.

Also added same case with the help of Sandeep, from his machine(case id : 102335018).

Added test case ids:

102334074,102334488,102334617,102334620,102335018.

Can we check on that machine from where this issue has been found.

**Date & Time :** 13-08-2016 01:46:PM

Checking from that machine will be difficult.

There are many other cases with the same issue

i have shared the excel and the MIS.

Could we not identify from that?

Can you show from other machine using Ammy(or other tool)?

**Posted By :** Navika Desai

B261

**Date & Time :** 22-08-2016 10:43:AM

It is not being reproduced in the same machine.

Will check and confirm.
