Hi Bhavana

Please don't remove import option as it is useful for us when multiple vertical rights to be assigned to employees specially when the count of employees is more.

You may give validation if rights are already assigned then import should not allow to import again which will help to maintain proper count of records in the employee assigned master.

Hello sir,

As discussed with Sir Siddharth and excel shared by Mam Dipika for employee assign bulk import, we have added changes for Import Module.

Please check now. Also it is temporary once import is done successfully let us know will remove it again.
