Hello mam,

We have prepared a sample query and generated an excel for above requirement related changes. Please check the excel and let us know if ok.

Also for 15 Days (BT) Beyond TAT., it is considered as 14 hrs not 15 since the last tat slab is

12 to 14 days during tat so Beyond tat must be more than 14 hours not 15.

Error : File Not Found.

Hello mam,

As discussed columns are highlighted, 2 new columns added as :

- 1) Case Added to Send To Client TAT
- 2) Case Added to Send To Client TAT Slab

This is not present in case details mis currently in live. It is generated manually from db using case details mis query and with modification.

Hi Manas,

As discussed please the calculation of TAT is wrong.

it should be 14 days (336 hrs) instead of 14 hrs.

please check the actual requirement for reference.
