DCR\_Appt import issue | Emergency

Hi,

We have deactivated below template assignment bit still cases are getting import with same VT.

Template Name	Country Name	Client Name	Activity Name	Product Name	Verification Type	Status
KNAB	India	Knab Finance Advisor	DCR_Appt	Business Loan	Document pickup	In-active

hi,

After checking the condition for import cases, it is found that the there is no condition for template status check it is active or in-active. This will be new change.

Hi Manas & Bhavna,

Please validate above statement.

Is there any coding available for ACTIVE/ INACTIVE in template assignment?

Hi,

As discussed with Shaikh and Sandeep, please add the changes in 4 modules :

- 1) Import,
- 2) Multi Import
- 3) Case Entry
- 4) New Case

Hi,

Checked, below msg showing on screen.

Template does not assigned to verification type or template is not active Document pickup at line no 1  
Please contact RES Vertical SPOC to update **Template design** with pincode field containing **FE Assignment Pincode** checked.

No file chosen

can we show only 1 msg - **template is not active** Document pickup at line no 1

Hi,

As current implementation fires one query for two conditions it increases performance, but as your requirement it requires two different query are required for different messages which can affect some performance of the application.

Following 2 conditions are tested in one query:

- 1) Template assigned/not to VT
- 2) template status active/not

so please confirm.

Hi,

We are not able to add different/new template to the existing template assignment combination ( Client + Product + Activity + VT) though the old template assignment is inactive.

Please check attached screen shot for your reference.

Hi,

with reference to B334

The condition for adding new template to the existing template assignment

-current condition combination client,product,activity,vt is present their.

-condition active/inactive status with above four combination would be new change.

please post in change requirement, and need to discuss with manas sir for the same.

please confirm.

Hi,

Additional information needed:

Adding/editing template above combination ( Client + Product + Activity + VT) is used for following modules:

1)Template Assign

2)Import Assign

3)Export Excel Assign

4)PDF Export Assign

so is it for only template design or for all 4? please reply.
