Hello maam,

As discussed for authorizer bulk approval:

Common textbox to be given for approval status "**reject**" and same remark will be applied to all the cases selected.

Hello mam,

As per discussion with Shimbi team below are our queries :

- 1) No. of cases that will be used by inputter to send cases to authorizer ?
- 2) No. of user(inputter) will send cases to authorizer at a time ?
- 3) What will be the load on server during this process, when will they send case during same time as PAMAC ongoing heavy task like import/export?
- 4) No. of cases that will be used by authorizer to send cases to PAMAC ?
- 5) No. of user( authorizer ) will send cases to pamac at a time ?
- 6) What will be the load on server during send cases to pamac process, when will they send case during same time as PAMAC ongoing heavy task like import/export?

Hi Bhavana

Please make note that access has given to HDFC Bank Officials and frankly we don't have any details on how many cases inputter will upload / send for the approval or authorisor will approve at a time etc.

Probably this option of the bulk import required by the officials till the old pending cases completed by them and then onwards they will have 10-15 cases load at a time.

We are raising the query to Ops team and will update you if in case of any feedback received from the Bank officials.

Hi Bhavana

With reference to your query on the bulk import please make note feedback from the Ops team as below

- 1) No. of cases that will be used by inputter to send cases to authorizer ? :  
Approx 100 cases per batch.

- 2) No. of user(inputter) will send cases to authorizer at a time ?  
We cant comment on the same as it depend on the volume at Bank end

- 3) What will be the load on server during this process, when will they send case during same time as PAMAC ongoing heavy task like import/export?  
As technical team you need to guide .

4) No. of cases that will be used by authorizer to send cases to PAMAC ? :  
Approx 100 cases per batch.

5) No. of user( authorizer ) will send cases to pamac at a time ?  
We cant comment on the same as it depend on the volume at Bank end

6) What will be the load on server during send cases to pamac process, when will they send case during same time as PAMAC ongoing heavy task like import/export?  
As technical team you need to guide

Ganesh, Siddharth here

We need your forecast at least for 2 years

**How many No. of user(inputter) and authorizer you expect to add to system**

Based on that we will assume 10% of them may use system on simultaneously.

This new thing we all must adopt to think, in order to plan and manage server resources.

Tested with below case ID

109103050

109103051

109103052

It's working proper, please upload the changes on live server.

Hello Prasad,

Once changes are done in live pamac copy, please push so that we can check and upload in both India and Dubai server as code is common.
