Did you test all dubai operations with mobile APP device?

I think Dubai team is working with mobile App from last 2 month without date issue?

Date format is not wrong.

I have checked data of case id '4887'.

Case accept date is not properly added in database, it is '0000-00-00'.

Please give me FE(which FE accepted these cases) details if possible, I need to investigate this.

Issue occurred because import template is not properly designed.
