Date & Time : 17-03-2015 02:21:PM

Date Clear | Low

When we select the Date through date picker, it keeps as it is.... There is not option to clear the date.

Please provide the Date Clear option.

Regds,
Rahul Naik

User cant clear it because it is readonly field.

If you want to input date manually then we have to set validation for proper date format.

It was decided that date and time will be always automatic ... so I think we can close this issue

Consider some i want search with other option that i dont want date, for that we need "X" at the corner of the date picker where we can black the date picker.

Rahul,

I have discussed with Pravin Sir and he mentioned that this function is not required.

Please close.
