High

Please add the designation in the FE payouts summary and trackers.

Hope it is small change in the report it will not take more time, please ensure closure by today EOD

Hello sir,

I have added Designation in Fe Payout Report both in demo and live server. For Trackers i.e "Generate Fe Payout", we have to change in controller file query and coding also. We shall update changes tomorrow for trackers in all 4 copies (local,local live,demo and live server).

Hello sir,

Currently working on server migration changes, checking server info, due to update in php, mysql versions of new server, we have to monitor the site. Some code which worked on previous version may cause error in new version.

Earlier issue of blank screen after login was because of mysql version updated from 5.6.38 to 5.7.22. ONLY_FULL_GROUP_BY mysql variable was activated in the new version(5.7.22) by default which caused the error. We have turned it off now. And checking for more such changes.

Need to resolve those issue first and then we shall continue with development.

I have updated changes in live server. Please check and confirm.

1) Fe Payout Summary

2) Generate Fe Payout.

Hello Bhavana,

I check on live site. Now It showing Designation of Respective user.

@Ganesh Sir,

Please check it and close this requirement (We dont have right to close this point.)
