Hi,

As discussed with manas sir, it contains some database changes so its needs to be discussed with Kailash sir for the development process which will not harm the existing flow of the application.

Hi,

Upto now there would be following 3 columns added in Case details MIS report :

- 1) Case Saved User
- 2) Case Reopen User
- 3) Case Send to client User

As today i am working on same task, change will be available for testing on country demo on date 13 March 2019.

Hi,

A)Query created for

- 1) Case Saved User
- 2) Case Reopen User
- 3) Case Send to client Use

and updated on demo server for test

B) New query identified as harmul for the database hence required changes done in code and solved issue. Code changes for new query in admin/reports controller and pushed to countrydemo for testing. Changes uploaded on countrydemo server please check
