Client name not seen | High

Dubai test Sup id has employee assignment as per the attached screen show, however the client ADCB & RAK are not seen in client drop down (screen shot attached).

Please check and resolve.

Issue have been resolved.

There was issue in client assignment module(in add/edit), value of center not getting saved with subcenter record when whole center is selected.

Please verify and confirm.

Note : Edit client assignment once before you check particular client in dropdown list at user side.

I have checked these changes for India.

It is working fine in both countries.
