Dipika Yedge | PAMAC Re : EBC Rate master update support

Hi Kailash Sir,

As discussed over phone with Ganesh Sir, currently in the vendor rate we have updated the category wise rate however now considering the reports we want to implement the separate rate basis of the reports – Verbal or written.

Please let us know how same can be incorporate in the RES rate master.

| **Vendor Name** | **Verification Type** | **IKN Rate** | **TAT**

| IKN | Education(Verbal) | 0 | 5 to 7 Business Days

| Education(Written) | 0 | 5 to 7 Business Days

| Criminal (Verbal) | 0 | 5 to 7 Business Days

| Criminal (Written) | 0 | 5 to 7 Business Days

Hello mam,

As discussed with Sir Kailash, we can create a new menu where we will forcefully overwrite the rate of any case id.

This menu will have a textarea where we can add case ids separated by comma or new line and 2 input box where we will add the new rate for either emp rate or client rate.

On click of the force change rate button the emp rate or client rate will get updated for all the mentioned cases.

Is this ok ?

As discussed, this is for Vendor rate changes which need to be confirmed from Sir Kailash , also above suggestion won't work as the menu if provided to User then the rate entered for each case id will have no control over.

As such due to unauthorized access to rate, this menu cannot be used. Need to further check and discuss internally with team to find a different solution.

Hi Manas,

Will it be possible to add verbal and written when adding vendor rate and should not be an issue when vendor Payout. Is it possible and if so, how long will it take?

Will have to check as both emp rate and vendor rate use same logic this will affect both.

Will update here once checked.

Following are the points and queries discussed for D235 :

- 1) Will need an extra field in template to differentiate case from normal and case with verbal and written.
- 2) Following changes will be applied to Rate master (Vendor and employee both) -

a) Extra fields(for rate) will be added in rate master(e.g. Rate INR(Verbal/Written), Rate ICL(Verbal/Written),Rate OCL(Verbal/Written),Rate BOCL(Verbal/Written),Rate Non Serviceable(Verbal/Written), total - 5 extra field).

query : For cases with normal rate (i.e. without verbal OR written), default field will considered, let us know which will be the default field for the same (will it be verbal or written).

3) For Import module, same 5 extra column in excel will be added.

4) Following changes will also affect **Check case rate and Check case data** module.

5) Also need to discuss changes in MIS.

Hi,

1) Will need an extra field in template to differentiate case from normal and case with verbal and written.

- Use field working

a) Extra fields(for rate) will be added in rate master(e.g. Rate INR(Verbal/Written), Rate ICL(Verbal/Written),Rate OCL(Verbal/Written),Rate BOCL(Verbal/Written),Rate Non Serviceable(Verbal/Written), total - 5 extra field).

- 2 new field will be added under without pincode category.

ok mam, Prasad please take note.

Also please mention the filed name which will be used in template design to store verbal or written option, so that we can capture rate accordingly.

Hello,

As discussed with Dipika Ma'am :

1) Master side changes are done from my end (i.e Add update delete rate using **form** and **excel**).

2) We will push the changes on demo and ma'am will confirm the changes, if it is ok, will do the futher

development.

Hello bhavana ma'am,

Remaining changes are done from my end (i.e changes in -> update rate after case closure, setClientemprate and check case rate method).

Shall i push the code on git ?
