Hello Prasad,

Please check this issue and update.

Note: The cron job file cron/EasyHrPmt.php is used to sync the employee data from easy hr api to Pamac db.
Check cron doc for more info. It runs every day at 23 hour, check if the above employee were added today in
Easyhr then they must sync tomorrow. Let me know in case of any queries.

Hello mam,

As checked the current db users doesn't have rights to the procedure query as such there must be issue with api sync. Screenshot attached.

Informed yrhost for the same to check and update.
