Product List not displaying in Template assign form. | High

For Activity =DCR_Appt , not displaying product list in view. As i checked
https://pms.resoftech.com/admin/master/getajaxlist/34/product/product_activity_name
From above url not get response.
For more information please check attachment

I also observed that this issue for userid "Testdesign".
For Testing user details below :

user id="Testdesign"
password="pamac@123"

I have checked the issue. The menus Employee and Template were used by Super Admin only. They are not assigned to any other user.

If done so for Template assign, activity , product must be assigned to User using employee master then Product dropdown will appear. Screenshot attached.

https://pms.resoftech.com/admin/master/getajaxlist/34/product/product_activity_name
I have checked the ajax URL, the product id assigned to Test Design for the selected activity were not found as such product dropdown was empty.
