Hi,

We are not able to archive below data.

Client- Deutsche Bank
Product- Mortgage Loan
Activity- CPV
Date- 1/10/2018 to 31/12/2018

in the database, there was a table **'tbl_manual_archive_log'** which is set with no default value which was stopped our query to execute and also there was a little modification in the code.

I did those changes and uploaded on the live server. Please test and close this from my project.

Line no. - **609**
Lines have no need to use

$this->db->where('case_id',$v);
$query = $this->db->get(TABLE_CASES);
