Hi Navika,
I have replaced all fields which are listed into sheet for replacement. Find an attachment of it.
Please do the required changes in template also(on demo site). Let me know once you done with the changes.

For testing of this change on demo site, we have 2 URLS of webservice.
1) http://54.169.99.151/pdglos/services/extagency
2) https://nissanfinanceuat.nrfsi.com/pdglosint/services/extagency
Ask to RSIL team from above which URL we can use for testing.

Give following URL to RSIL for sending test cases.
http://pamac.urdemo.net/webservice/rsil/receiveRequest

Hi,

I have replaced the fields on demo site.

Attached is the sheet for reference.

2 fields of RV vary from the earlier sheet shared, same are highlighted in yellow for reference.

Confirm once all the changes have been made. We can then as the Nissan team to fire cases.
