Hello,

Task list is shared on myproject with number of days(D94).
You have to set priority based on that timeline will be decide(only 18 task
have priority out of 85).
still some points related with sub VT and client billing are not clear
which we shall do during development.

Phase2 still some doubts, posted in myproject in(D1).
Yesterday we change BIS form(merge new and existing form) as per
discussion with Ritika.

After 11-Apr discussion , i explain logic to Rakhi but she still have
some doubts so ask you.

--
