Hi,
As discussed with Kailash sir, it is found that it's not a bug but template design limitation.

FE is submitting the large amount of data for a field which has defined data limit of 25 chars hence case is not getting submitted.

Details:
#1406 - Data too long for column 'no_of_employees_working_in_office_business' at row 1

limit is 25 but fe input below text
Total monthly salary 10000 month

Please inform FE to submit proper value for the field .
