Employee dropdown in employee rate module

In employee rate module added new option(dropdown) to select employee.
Currently showing all employees in dropdown.

no we are developing it.
We are showing all employees in drodpown.
I think it is better to show only FE or some designation's employee.
What is your opinion?

No,
Working on it on local server first.

Ok. It means we have to check 2 designations(FE and Tele) only for employee list in dropdown?

It will be fix condition with fix designation ids.

Sorry,

Employee rate will be applicable to FE only.
