Hi,

Change the work Logo - company seal

If we have two Company Seal than we need to upload, Currently only one Company Seal is allowed. This is already discussed.

Please provide below detail
1) country name
2) global template name
3) PDF template name
4) application have 2 images one is for country logo(not used in any pdf), second is country seal which is used in PDF.
Do you want to use both country logo and country seal in PDF?

Application is not using any company logo or seal in PDF.

We need two seals in Country master which i have discussed with kailash.

Please talk with Kailash for more information.

Adding one more option for company seal(as 'Company Seal2') in country master.
And also need to add this option to add it in PDF templates.

Added 'Company Seal2' option in country master. And also in the list of fields in PDF template design module to used it into PDFs.
Please verify it.
