Software navigates to Change password page autmatically on getting slow | High

---

Hi,

The software automatically navigates o the Change password screen when the system gets slow.

Please look into this and resolve.

Hi,

On every click, RES navigates to change password screen automatically.

Please resolve immediately.

Kailash,

The bug is the issue of system navigating to Change password screen on slowness.

I agree the system has not got slow recently, but logic of changing password on slowness is not acceptable.

hence need to resolve this.

It is a strange behaviour, we didn't research much on it as recently we didn't face this issue.

Did not face this issue during recent session of server slowness.

hence closing the bug.
