08/08/2014 discussed points | Low

1) Currently we are using three TAT i.e. TAT1, TAT2, TAT3 which is compulsory but after discussion we are decided to keep TAT1 as compulsory and TAT2, TAT3 as optional
2) Holiday Master: Due to certain situation like strike etc. company wants to declare sudden holiday that time we no need to count for that day in calculate TAT.
3) Template Design:
   - Add Field button
   - Validation Check Box
   - Remove field Name
   - Grouping such as Web, App, FE Assignment etc.
4) FE Re-assignment
5) Label Generation : Designing the one label generation method which can use for all client but No bar code generation need.
6) Report Clubbing
7) Report Export ICONS such as pdf, csv and excel.
8) Label name need to add during the template design
9) Separate login credentials for Mobile App and Application
10) Change password and forget password for mobile app
11) Global Template Design
12) Email send for report, export and import
13) Employee Re-Assign facility.
