As per discussion with Kailash sir
1) Case1 is a change requirement, which was not discussed previously(during setting page discussion).
2) Case2 is related to menu assign. There was a tab for assign menus(with rights) at admin side with the help of it admin can assign menus designation wise.
I was assigned some master's sub menus to supervisor for testing which are disabled now. Please find screenshot of it.

Note : Super admin can assign any menu to any designation and currently there is no validation applied to menus according to setting page.

Thanks,
Rakhi
