Hi Navika,

We have discussed these points(on call).
1) Removal of activity restriction
- Need changes in code.

2) adding of 50 fields in field master
- You can do this.

3) Auto sync of RES & CMP employee master
- Need changes in code.

How much time will each activity take.

Also I wanted the CMP apk as it is removed from play store from Shimbi account.

We need to identify first by checking code.
Need to configure and check the application, because the code is not updated since last 2 years.
And it will take 2 days.

We have only apk file of CMP app.

2 days to configure and checking application only.
Not for development.

PFA of CMP apk.

It will take 5 days with including project setup.
Because it is a big change in application.
