Hello mam,

As discussed on call and checked via any desk it was pdf design html tags issue, which is resolved now. Confirm close if done.

**Note**: Please refer below html code format **example** when adding any image section:

      <span style="display: none;"> </span>
   </div>
```

```
<div>
    <span><strong>Annexure</strong></span>
    <br />
       #image1#
    <br />
       
  </div>
  [/section.image1] [section.image_2]
</div>

<div style="text-align: center;">
    <div style="page-break-after: always">
        <span style="display: none;"> </span>
    </div>
    <div>
        <span><strong>Annexure</strong></span>
        <br />
           #image_2#
        <br />
