Daily TAT MIS | Emergency

Hi,

Count of Total No not matching with "With In TAT" + "Greater Than TAT" + "Pending"

Check attached report for your reference.

After testing we found that this miss match comes if other three collum 'Within TAT', 'Greater than TAT' and 'Pending' comes with 0 at the same time.
So we modify the query to resolve this bug where now if this situation comes 'Total no.' will store 0 too and resolve the Bug.
With this image file, you can see how it works -

Total No	With In TAT	Greater Than TAT	Pending
10	0	0	10
1	0	0	1
1	0	0	1
2	0	0	2
8	0	0	8
5	0	0	5
10	0	0	10
20	0	0	20
0	0	0	0
10	0	0	10
4	0	0	4
4	0	0	4
6	0	0	6
0	0	0	0

Hi,

For some entry within TAT %, Greater than % and Pending % not showing proper.
Check attached report highlighted in yellow color for your reference.
Also some entries are showing 0.

I checked this problem and updated according to it. You can re-check that ti view that issue.

But right now there another part where if all three columns come 0 at a time then % collum store blank value. I am still working on it for proper output.

There is some condition for calculation of %, which is not proper since it created, we need to fix the whole Equation for every calculation threw query.

Hello Dipika mam!

      I update the database query for Daily TAT MIS. I test all possible which I know, please test it from your side and let me inform. I updated on the test server that query.

Hi,

I have check MIS on test site, some entries showing 0 as within- greater-pending-total.

Posted By : Jayant Singh
B323
Date & Time : 22-11-2018 04:49:PM
So it means I need to show only those where **within-greater-pending** and **total** is **not equal** to **0;**
Ok, I am going to update according to this need.P lease check in some time for proper output.
