Invalid case excel | Emergency

Hi,

please share the reason why the below cases showing as invalid while updating rates through check case rate module

104889766
104890301
104925216
104925220
104925230
104925234
104925274
104925286
104925437
104925486
104925493
104925569
104925570
104925577
104925585
104925587
104925588

104925592
104925654
104925657
104925658
104925660
104925661
104925676
104925677
104925679
104925700
104925719
104925848
104925855
104925863
104925884
104925885
104925886
104925890
104925893
104925896
104925906
104925908
104925909
104925912

Hello,

It is an issue of typecasting for some of the pincode values are stored as sting in tbl_cases which is causing the pincode to show in the invalid excel. Pincode value must be of integer and not string.

I have made changes and updated both live and live test server. Please check again.
