On sent to client page doc option not available | High

Hi,

As discussed, we have select *doc in pdf design, still we are not able to get report in doc file.
doc option not available on sent to client screen.

hi,

Only master side changes for doc are present in live server. For doc changes in send to client were reverted.
Please refer to discussion D128 (**Point 72 : Export report format**). Summary Page issue.

For any query or changes , please post in D128 and close this BUG.
