Hi,
as i don't have live access so i can't update, but created queries to update pincode values. Please find below and update in database.

For country India (11)
update tbl_cases set off_pincode = '500061' where case_id in (105913624,105913625);
update tbl_cases set off_pincode = '500094' where case_id in (105914575,105914576);
update tbl_cases set off_pincode = '500006' where case_id in (105914581,105914582);
update tbl_cases set off_pincode = '500013' where case_id in (105914646,105914647);

will post once informed by update person.
