Tabing and Cursor Facus | Low

When i check all master there is no proper tabing and cursor focus when page loaded for the first time is not done....

Same when i search button in Blank data it doesnot shows any message/validation like "There is no records"

This is very good observation ... but I think you need to get fixed one by one form ... so it is better to list the form and seat with developer and get it done.

else we will miss many forms!
